

Robert Taylor

"MUSTANG MANIA"—The addition of "Mustang," a fiberglass sculpture by internationally renowned artist Luis Jimenez, has energized interest in public art on the Norman campus, much to the delight of the new director of the Fred Jones Jr. Museum of Art, Eric Lee, who sees a big plus in the spirited discussions of the contemporary piece. Located at the corner of Boyd and Elm streets, "Mustang" is the gift of long-time OU art benefactor Jerome Westheimer, of Ardmore.
