**ARBOR DAY HONOREES**—As has become the norm for Arbor Day celebrations in OU's David Burr Park, the wind blew cold and blustery but failed to discourage students and staff gathered for the March 23 occasion. The honored guests, President Emeritus William S. Banowsky and his wife, Gay, venturing north from their Dallas home, wisely borrowed winter coats from their hosts, David and Molly Boren, for the featured tree planting on Parrington Oval. Banowsky's 1980s David Ross Boyd Tree Planting Project was credited by President Boren for reviving interest in campus landscaping.
