

**"SCIENCE-ON-A-SPHERE"** – The National Weather Center's soaring light-filled atrium features the suspended Science-on-a-Sphere, which provides a detailed picture of weather conditions around the globe, as well as striking views of the Earth from space. The McNeese Fitzgerald Associates' photo is one of 12 featured in the 2009 OU Calendar, an annual joint project of University Development and OU Printing Services to benefit campus landscaping and beautification. Calendars are available for \$10, which includes shipping and handling, from University Development, ATT: Becky Tramel, 339 W. Boyd St., Norman, OK 73019; 405/325-7873; [btramel@ou.edu](mailto:btramel@ou.edu).
