

**THE GOSSIPS** – A couple of OU students walk by oblivious to the whispered conversation of *The Gossips* nearby. The bronze piece, located between Oklahoma Memorial Union and Buchanan Hall, is one of the newer additions to the wealth of outdoor sculptures that has been placed on the Norman campus in recent years. *The Gossips* is the work of noted sculptor Harry Marinsky and is a gift from President David Boren and First Lady Molly Shi Boren. The photo, by mcneese fitzgerald associates, is featured in the 2009 OU Calendar.
