

We Have 360 Life Members!

[Association Progress]

AND still they come! Every month the mail brings additional new Life Memberships in the University of Oklahoma Association. The steady increase in this form of membership is a constant inspiration to the persons who are working regularly on the alumni program, because they feel that these unsolicited Life Memberships show clearly a sincere and widespread interest in the University among the alumni.

Three new Life Members added to the list during the last month bring the total of living Life Members to 360. All three, incidentally, came from Seminole.

Two of the three are a Sooner couple—Mr. and Mrs. Jack I. Lauder milk of Seminole. Mr. Lauder milk, who received a bachelor's degree in 1934 and an engineering degree in 1938, is a petroleum engineer for the Gulf Oil Corporation.

Mrs. Lauder milk is the former Mary Gittings, '35lib.sci. They have a son, John Irwin, Jr., who will be two years old in November.

In sending a check for initial payment on a Life Membership, Mr. Lauder milk wrote: "We have planned on becoming Life Members for some time but due to the press of everyday affairs have neglected doing so before now. The notice that our subscription to Sooner Magazine had expired prompted us to delay no longer. Please see that we do not miss any issue of Sooner Magazine as we both enjoy it very much. News of our old time friends is always most welcome."

The other new Life Member during the last month is Dr. Donovan D. Mosh-er, physician at Seminole. He received his Bachelor of Science degree in 1924, and the M. D. degree in 1926. He was secretary and treasurer of his senior medical class.

WHAT IS A LIFE MEMBERSHIP?

Any person who ever attended the University of Oklahoma as long as one semester is eligible for Life Membership in the University of Oklahoma Association. The cost is \$60.00, which may be paid all at once or in quarterly installments of \$5.00 each. In a case where both husband and wife are alumni or former students of O. U., a single Life Membership covers both. The Life Membership includes a life subscription to *Sooner Magazine*.

All money paid on Life Memberships goes into a permanent trust fund, only the income of which is used for association expenses and to pay the cost of sending *Sooner Magazine*.

Trend to Tuition

tuition and other fees to be paid by the students, but would provide that all students resident of Oklahoma with freshman or sophomore classification would pay an incidental fee of not less than \$15 a semester, and all other students resident of Oklahoma would pay not less than \$25 a semester.

The bill would require all state educational institutions to charge a minimum non-resident fee, which would be not less than \$50 per semester for institutions having an enrolment of 3,000 or more students, and \$25 per semester for institutions having an enrolment of less than 3,000.

It was proposed that institutions be permitted to make rules for waiving or refunding fees to students maintaining high scholarship, or to those who, maintaining satisfactory scholarship, are in need of financial assistance, provided that not to exceed five per cent of the total students enrolled might have their tuition waived or refunded.

The committee believed that provisions such as those outlined above would tend to prevent any one institution or any group of schools from gaining unreasonable advantage because of differences in fees.

A tuition fee system by which the amount charged would be based on a certain amount per credit hour also has been considered.

The committee preparing a tentative tuition fee measure also has been work-
