*This list contains all graduates of the University of Oklahoma School of Medicine, and also a number of persons who attended the University and later obtained medical degrees elsewhere. Plain numerals following a name indicate the year in which the person received the M. D. degree from the University of Oklahoma. Numerals in parenthesis indicate other degrees received from the University ('b' for bachelor degree, 'ph' for pharmacy, and so on). All cities are in Oklahoma unless the name of some other state is given. EENT indicates eye, ear, nose and throat specialist. The editor welcomes corrections from readers who find errors in the directory.*
