
Announcing

the forthcoming publication of a

Medical Alumni Directory

In August, 1939

Contents:

The Medical Alumni Directory will contain both alphabetical and geographical lists of all graduates of the University of Oklahoma Medical School, and also will include, so far as is possible, former students of O. U. who obtained medical degrees elsewhere and are now in the medical profession. The Medical School faculty list and probably a brief sketch of the history of the medical school also will be included.

How to obtain a copy:

The directory will be published as the August issue of *Sooner Magazine*, and each member of the University of Oklahoma Association will receive a copy as a subscriber of the magazine. Non-members may receive the directory in either of two ways: (1) Become a member of the Association before publication of the directory; or (2) Place an order for a single copy of the directory, which costs \$1.00. The order must be accompanied by cash or check.

Help make the directory complete:

The editor of *Sooner Magazine* urgently requests the aid of Alumni Association members in making the medical directory as complete as possible. Greatest difficulty is to secure a complete list of former O. U. students who received medical degrees elsewhere and are now practicing medicine. Since they are Sooners and are in the medical profession, we wish to list them in the directory. Names of such persons may be reported to the Alumni Office on the blank form below.

Be sure to list the following Sooners in the O. U. Medical Alumni Directory:
