Long Distance call may have gone to New Guinea

Telephone lines are the life-lines of an army. Bell System men and materials are helping to keep those lines unbroken on many battlefronts.

So if a Long Distance call gets delayed once in a while, you know there's a good reason.

The additional equipment that could be used here is serving the soldiers over there.

**WAR NEEDS
THE WIRES**

If the Long Distance circuit you want is busy—and your call isn't really urgent—it will help if you will cancel it.

If it must go through, we'll appreciate your co-operation when the operator says: "Please limit your call to 5 minutes."
