
Association Progress

A MEETING of O. U. alumni in Norman and Cleveland County has been called for March 14 by Leonard Logan, '14ba, of the O. U. faculty, for the purpose of organizing the University of Oklahoma Alumni Club of Cleveland County.

In a letter to alumni in that area, Dr. Logan wrote, "For several months the University of Oklahoma Association has been organizing charter clubs. Not only have clubs been organized in Oklahoma and in many of the leading cities of the United States, there are clubs overseas. I asked Ted Beard the other day why we did not have a charter club here in Norman and Cleveland County. He said that probably all of us have been so busy with our personal affairs and in war activities that none of us had gotten around to this job yet. He also said that if we had a club here at home it would make his work and that of his staff easier in organizing clubs in other places. In other words, we ought to set the example."

Dr. Logan announced that the meeting would be held at 7:30 p. m., Wednesday evening, March 14, in the Woodruff Room of the Union Building.

We Conform

Conforming to wartime paper-saving regulations, *Sooner Magazine* has been pared down during these last months to a 20-page publication.

The fewer pages, along with the lighter weight paper stock which is all that is now available, account for the thinness of the magazine, in case you readers have been puzzling about the turn to the slim.

In order to get in as much news as possible despite the space handicap, all editorial matter is now being set in type two points smaller and the number of engravings has been reduced because they take up room which can be easily filled with copy.

St. Louis Club to Meet

A social evening has been scheduled by members of the St. Louis Alumni Club for Friday evening, March 30, at the home of Dr. Dec Eades, '30med, and Mrs. Eades, at 12 Kingsbury Place.

Cross to Wichita

President George Cross will meet with the members of the Wichita Alumni Club on Friday, March 23. Mrs. Cross will accompany him. There are a number of O. U. alumni in the Wichita area and attendance is expected to be good.
