

THE STORY OF NATURAL GAS IN OKLAHOMA!

The Oklahoma Natural Gas Company, as a local institution, has always tried to give every natural gas customer in your community the *ultimate* in good gas service. To accomplish this worthy objective, Oklahoma Natural has created several additional services, and made them available to every one in the community. Let's take a look at these *extra* services offered to you at no cost.

- 1 Our Home Service Department is perhaps one of the best known extra services offered by Oklahoma Natural. It is especially familiar to thousands of Oklahoma homemakers many of whom call daily for our latest menus and tested recipes. They know, too, that our local Home Service director is always glad to assist homemakers whenever possible.

- 2 Oklahoma Natural also attempts to keep natural gas users, both domestic and industrial, informed of the latest gas burning equipment, methods of increasing efficiency, and ways of cutting costs with their present equipment.

- 3 Our newly-formed commercial equipment service program is exceptionally helpful to our commercial customers. This department assists in making modern kitchen layouts, servicing of commercial equipment, and giving other helpful consultation to bakeries, restaurants, laundries, hospitals, and other institutions.

- 4 Another service helpful to domestic customers is our household appliance servicing department. At no extra cost to you, our service man will inspect and adjust your gas ranges, water heaters, gas refrigerators and central heating plants; thus assuring you continued good gas service year after year.

OKLAHOMA NATURAL *Gas Company*

NATURAL GAS SERVICE HAS PLAYED A VITAL PART IN THE
GROWTH AND DEVELOPMENT OF OKLAHOMA SINCE 1900.
