

# Association Progress

## Alumni Lifers

In recent months, throughout all sections of the United States, interested University of Oklahoma Alumni have been asking for an up-to-date roster of life members of the Association. They want to know "what classes hold the greatest number of life memberships, etc."

Sooner Magazine in this September 1947 issue happily presents the names of its alumni, by year and in alphabetical order, who hold life memberships.

The Life Membership Trust Fund has steadily grown during the past 20 years until it is now near the \$50,000 mark. The fund is administered by three trustees serving under the Executive Board of the Association. These trustees, Neil R. Johnson, Norman; Tom Carey and Errett R. Newby of Oklahoma City, who work under trust fund regulations invest the money in restricted securities and turn to the Association a percent of earnings each season for operation of the Association proper.

The 'lifer' roster as we go to press is as follows:
