

## Sigma Alpha Epsilon

*Founded at O.U. in 1909*

Oklahoma Kappa chapter of Sigma Alpha Epsilon was the fifth national fraternity to be installed on the University of Oklahoma campus. It's charter was granted by the national fraternity on October 23, 1909.

Believing that a fraternity can not only be an aid to its members but also an asset to the University as a whole, S.A.E. has long devoted its efforts in this purpose. The fraternity and its members individually have contributed their whole-hearted support to the various organizations, activities and programs of the administration.

To further this purpose, the pledges are given special instruction and information pertaining to the school and its functions. A committee discusses with them which organizations will best benefit them in their course of study and recreational desires. Talents are channeled to the proper activities.

Pledges are encouraged to participate in intramurals and, if qualified, in varsity athletics. It is through this constant supervision and guidance that they hope to aid the pledges in becoming better acquainted with the University and the University, in turn, to become better acquainted with them.
