~1899~

50th Class Reunion
June 5, 1949

~1904~

45th Class Reunion
June 5, 1949

~1909~

40th Class Reunion
June 5, 1949

~1911~

E. L. DeGolyer, '11ba, Dallas, Texas, has contributed a set of William Shakespeare's plays to the University of Oklahoma library. The set is valuable for two reasons. It was the first set of works ever to be collected and the original collector was Jacob Tomson of England. The books were published in 1709. Also in a group contributed by DeGolyer is an autographed copy of one of Charles Darwin's early works, *Journal of H.M.S. Beagle*, published in 1845.

~1913~

George L. Risen, '13Ph.C, is now living in Phoenix, Arizona. He has two sons, Larry George and William Jack.

~1914~

35th Class Reunion
June 5, 1949

Aikman has been in San Angelo since 1931. A son, Bob, is attending the University where he is a member of Phi Gamma Delta Fraternity.

~1916~

Dr. John O. Mosely, '16ma, president of the University of Nevada, delivered an address, "The Fraternity System and Its Merits," before a campus-wide meeting of the student body at the University of North Carolina, Chapel Hill, and North Carolina State College. Dr. Mosely told his audience that "fraternities are the stronghold of humanism on the campuses of the country today." The speaker stressed that man-making ideas should be the principle aim of fraternities. "College fraternities of America are in the business of making gentlemen." Dr. Mosely defined a gentleman as "a bundle of sub-conscious inhibition."

DR. J. O. MOSELEY

~1917~

Bertram Fred Woolsey, '17bs, has been a practicing physician in Jacksonville, Florida, since 1922. He received his medical degree from Tulane University in 1919. Dr. Woolsey is a member of Kappa Alpha Fraternity and Phi Beta Pi medical fraternity.

Lloyd N. Morrisett, '17ba, has held the position of professor of education at the University of California, Los Angeles, since 1941. Previously he had been associate superintendent of schools at Yonkers, New York; superintendent of schools at Crawford, New Jersey, and high school principal in Oklahoma City. He is a member of Kappa Delta Pi, education fraternity, and served as president in 1917. Mr. Morrisett is listed in the 1948-49 issue of *Who's Who In America*.

~1918~

Little, Ada; Secretary Dial Currin, Shawnee; Assistant Secretary Guy H. James, Oklahoma City. Bottom row: Wharton Mathies, Clayton; Clee O. Doggett, Cherokee; Frank Buttram, '10ba, '12ma, Oklahoma City; John Rogers, '14Law, Tulsa; and Guy Harris, Ardmore.

Correspondence

(Continued from Page 4)

Dear Ted:

Knowing that you have worked closely with Dr. Ned Burlson, '26ba, '29bs, '31med, in the general Alumni Association for years, I think you will be interested in reading this letter dealing with the University of Oklahoma Development Fund, received today.

Sincerely your, R. Boyd Gunning, '37ba, '37Law.

Prague, Oklahoma

Mr. Ted Beard and Boyd Gunning
University of Oklahoma
Gentlemen:

Inclosed are contributions from me and my wife. Send us a statement each year for as long as we live. Each member of the P. E. O. organization pays just \$1 per year toward a fund which is used to send girls to school. They now have over \$1 million in that fund.

What could we do if all of the alumni of

O.U. would give \$24 per year to this fund? I don't believe that there is a single graduate of O.U. living who cannot well afford to do that.

So don't be bashful about this thing. The alumni will all think more of their school if they contribute a little to it every year and that added interest will be worth more to the school than the money they contribute.

Yours very truly Ned Burlson, '26ba, '29bs, '31med.

Dear Boyd: Norman, Oklahoma

Indeed we were interested in this letter and others are flowing in from various sections of the country since the initial kick-off on November 13 of this outstanding University-Alumni project.

Sincerely, Ted M. Beard, '21ba.

Dear Ted: Fresno, California

A few days ago at a meeting of our Engineering Advisory Committee, I met a Mr. Charles L. Kaupke, '09eng, State Water Master for the Kings River, who was the University's first engineering graduate. Mr. Kaupke's address is 1412 Pacific

Southwest Building, Fresno. We had a very interesting discussion. Mr. Kaupke asked me about such "old timers" at the University as Dr. Guy Y. Williams, Dean Reeves, Mr. Rader, and Dean Gittinger. He also remembered Frank Balyeat and many other people, some of whom I have only met.

Mr. Kaupke, as you would infer from his position, is a prominent engineer in this area. I understand that he has played a very important part in developing the water resources of the region. He is serving on a lay committee which I have appointed to counsel with the head of our engineering department with respect to our program for development of engineering curricula in this college. Incidentally, we have a rapidly growing program in engineering which is destined to become one of the important divisions in this college.

Mr. Kaupke told me in our conversation that he is going to Oklahoma City to attend some engineers' convention in about a month and that he hopes to get down to Norman to visit his Alma Mater. He has not seen the campus for a number of years and is looking forward to the visit with much pleasure.
