

The work on the New Union has progressed to the point of hanging drapes and placing furnishings in the south wing meetings rooms. The auditorium, also in the south wing, is being installed with seats. All furnishings and a major portion of the kitchen equipment is ready for placement. Painters and marble setters are adding finishing touches.

The entire structure is being planned for occupancy by the beginning of school, September 15.

Alumni should circle the date of the first home football game. It is not too early to plan a little extra time on the campus to look through the beautifully appointed structure and to make the Union your headquarters just as you have done in the past.
