Four to Get Ph.Ds

Since the last University commencement, August 6, 1951, four graduate students have completed all work, including the final oral examinations, for the doctorate. Their degrees will be conferred by President G. L. Cross at the June commencement. Other candidates will no doubt finish their work before the end of the spring semester.

The names of the four, with their degrees, special fields of investigation, and the directors of their research are:

Carl Dean Douglas (Ph. D., Chemistry, Plant Sciences, Zoology). "Studies on the Analysis for and preparation of Glavonoid Compounds." Directed by Professor S. H. Wender.

Thomas Aylesbury McCoy (Ph. D., Chemistry, Plant Sciences). "Studies in the Amino Acid Metabolism of Streptococcus Faecalis." Directed by Professor S. H. Wender.

Charles William Oxford, (Ph. D., Chemical Engineering, Chemistry). "Description of Hydrocarbons from an Unconsolidated Sand." Directed by Professor R. L. Huntington.

Basel B. Van Schuyver (Ed. D., Education, educational Guidance). "Uses of Standardized and Teacher-Made Tests in the Public Schools of the Untied States." Directed by Professor Henry D. Rinsland.
