

A list like this

will save you time

when you call out-of-town

**Long Distance calls go through
faster when you Call by Number**

When you give the Long Distance Operator the out-of-town number you want, it saves time. She can then put your call through without first calling "Information" in the distant city to get the number.

So write down the local and out-of-town numbers you already know. If there's a new number you don't have — or an old one you've forgotten — be sure to add it to the list when the operator gives it to you.

The Bell Telephone Company in your community will gladly give you a free Telephone Numbers Booklet.
